

Letter of Intent:

Greetings unto Their Majesties, Their Heirs and the populace of Wyewood. We, Arcos Arthur of the Greenarrow, and HL Aurora Rose Prindel, would like to declare ourselves willing and able to stand as candidates for the role of Baron and Baroness of Wyewood.

Wyewood has been our home for the last ten years and we have seen it grow from a Canton into a Barony. With the hard work of the populace and elected officers, Wyewood has developed some solid events, classes and martial activities. It is our hope that we may continue to help the Barony develop. We are interested in the advancement of the people of Wyewood and the Arts and Sciences within and outside the Barony's borders.

We both enjoy service, and are looking to further support the Barony and An Tir. As current Royal Archer, Arthur supports different archery communities across the Kingdom, but got his start on the range in Wyewood. As a leader within the marshal community of the Kingdom, he has the responsibility to discuss policies, safety issues and disciplinary actions with the Crown, officials and populace. As a member of the OGS Arthur's primary focus has been the archery and martial community, however, he enjoys all parts of our society. He interacts well at all levels, with the Crown, populace, and modern guests, and is diligent about the necessary paperwork.

Aurora is a leader in Arts and Sciences of the Barony and is involved at the Kingdom level as well. She is also the Youth and Family activities coordinator for Wyewood. Her primary focus over the last few years has been largesse and giving back to the Society, Kingdom and Barony. She has been involved in the costuming of five royal reigns and has been recently asked to be a student to two different laurels. She saw a need for a regular sewing and crafting night within the Barony, and opened her home for a bi-monthly baronial sewing night to help people develop their skills, ask questions about clothing and largess and learn to sew.

Our son, who is five, has been actively serving as retinue for Baroness Alessandra, enjoys helping others, and has been developing his own skills within our society. He has been a driving force to get more youth activities started in Wyewood and is excited about his parents volunteering to serve in this role.

We understand this is a demanding job within the society; modernly, Aurora's primary job is a stay at home mom, so has the time to deal immediately with different challenges as they develop. She is also free to attend events more often due to her flexibility. Arthur has been a welder and inspector with the same employer for 13 years, and thus has a regular schedule and plenty of time on weekends to devote to baronial business and events.

We aim to do the best we can at opening communication with those inside and outside of the Barony, and the Kingdom as a whole. We also want to continue the advancement of the Barony through opportunities for service, events, and the acknowledgment of its populace's dedication through awards.

We hope that we are worthy of this opportunity and we ask for your trust and support.

Thank you for your consideration,
Arcos Arthur of the Greenarrow, Royal Archer of An Tir & HL Aurora Rose Prindel, YAFA
coordinator of Wyewood
